Message from us

Just a gentle reminder, that your School Association is run by a small group of unpaid volunteers, who give up their free time to help your child have an amazing experience at Chesterton.

All this hard work pays off and, last year, we donated £21k to the school by helping pay for equipment, refurbish classrooms and subsidise visits – amongst many other things. Whilst we don't always get it right, we try our best in what are often quite difficult circumstances.

Please can we remind all parents and carers to treat all School Association members and helpers with courtesy and respect, given that we are all volunteers trying to make a positive impact to our children's school. We welcome your constructive feedback as always, which you can provide by chatting to any of us or emailing your comments.
