

Topic Focus: At the Seaside!

Each week, please choose one of these activities to complete and hand in on Wednesday in your homework book.

Make sure you choose a range of activities (some from each box) during the term.

English Activities:

- Create a fact-file on what happens to oceans and seas when they are polluted with litter.

- Write a setting description of a beach. Think about using your senses to help you describe.
- Go to the local library and find some books about the seaside/oceans/beaches. They can be a mixture of fiction and non-fiction!
- Find out about alternatives to plastics (e.g. a bamboo toothbrush) and write about their strengths and weaknesses.
- Draw a picture of a mermaid or merman. Now, write a story based on an adventure that she/he has been on!

- In the past, people watched Punch and Judy shows as entertainment at the seaside. Create your own Punch and Judy show.

Maths Activities:

- Measure the heights of three of your favourite toys in centimetres. Add them together. What is the total height of your toys?
- Compare the measurements of your bedroom in whole or half metres. What is the difference between the length and height of a room?
- Design a beach hut shop. What items will be on sale in your shop? How much for? What different totals can you make if you were to buy some of the items? What change would you get for a £1?

- Look at different items that you have bought from the shop and look at their labelled weights or capacities. Can you compare them to any other similar items?
- Collect different containers and measure their capacities using a cup, yoghurt pot or ml. Can you order them in size from smallest to largest capacity? Try predicting this order before measuring!
- What can you find that measures 100g, then 200g etc.?
- Don't forget to log onto TT Rockstars

Topic Activities:

- Find out about the important role of the RNLI. Create your own beach safety poster.
- Select a beach from a different country and compare it to one in the United Kingdom.

- Write a list of all the exciting activities you can do at the seaside.
- Design a shoebox exhibit of a seaside scene.
- Rehearse our Maypole dance and make sure you practise your skipping!
- Research artists that have created pieces of art out of textiles e.g. Anni Albers
- Create a piece of art, by using things you may find at the beach e.g. shells or seaweed
- Take note of the seasonal changes, what plants and flowers are you beginning to see? Have you noticed any new birds/animal/insects around?

Personalised homework: Personalised homework is all about what you want to show us. Think about our topic (At the Seaside!) and the that are coming up: May Day and other summer activities. Then, create something to bring in and show, such as: a model or piece of creative art. Have fun! 😊
